

INDUSTRY RELATIONS & PARTNERSHIPS VICTORIA (PART TIME) - SUPPORT ACT LTD

Do you love music? And want to help artists and music workers in need?

Support Act is looking for its very own Industry Relations & Partnerships rock star to help build our capacity and profile in Victoria in the key areas of industry relations, government relations and community relations.

Support Act was established in 1997 by the Australian music industry to deliver crisis relief services to artists, roadies and music workers facing hardships due to illness, mental health problems, injury or some other crisis. This support can range from assisting with daily living costs (e.g. rent and bill paying) to bringing comfort and dignity to people in the final stages of life. Our flagship Wellbeing Helpline service offers 24/7 professionally staffed telephone counseling to people in music with concerns about their mental health and wellbeing.

This newly created position will be the face of Support Act in Victoria, and will be responsible for raising our profile and engagement with industry, government and the music loving community across the State. Reporting to the CEO, the position will play a key role in helping the charity to implement its Board-approved strategic objectives. These relate to provision of services (in conjunction with our VIC/TAS social worker) and the implementation of fundraising and advocacy campaigns. This is a home-based position offered at 30 hours per week.

If you are an outcomes driven marketing and fundraising all-rounder with 5+ years' experience, please review our Position Description below and submit your application with a cover letter outlining your suitability for the role to cmiller@supportact.org.au using the subject line: Industry Relations & Partnerships application via FIA. Applications close on 23 August. If you would like to discuss the role please contact Clive Miller on 0411 101 052.
