

About Griffith University

At Griffith University we believe in, strive for and celebrate the remarkable.

We are known for our high impact research, outstanding student experience, our commitment to social justice and our welcoming environment. We rank in the top 2% of universities worldwide and we're proud of our remarkable achievements, of our people and their passion for making a positive difference. Together we contribute to the development of knowledge and learning in an attractive environment which values excellence, equity, diversity, and innovation.

The work of the Development and Alumni office is to foster a culture that actively seeks philanthropic support from philanthropists, charitable trusts and foundations, alumni, staff, students and corporations. The Development and Alumni office engages with people and community groups who want to support Griffith's educational programs and research. Griffith University's success depends not only on the future generosity of governments and industry partners, but on donations from individuals, corporations and other organisations.

The opportunity

The Institute for Glycomics, Griffith University, is changing people's lives as a result of their translational research into drug and vaccine discovery to tackle diseases of global impact.

Our researchers have made significant breakthroughs specifically focusing on cancer including Childhood Leukaemia, Non-Hodgkin Lymphoma and Melanoma and infectious diseases where human trials are currently underway to develop vaccines to protect the world against significant diseases such as malaria.

The Institute has over 220 researchers and now aims to create the world's largest critical mass in cancer glycomics.

If you want to be part of this exciting environment, aspire to use your fundraising or sales skills to make a difference to this world and would like to join a remarkable university that is less than 50 years young, we ask that you consider this role.

This is a fixed term (2 year), full time position, based at our Gold Coast campus.

About you

You may be an experienced university or medical research fundraiser or someone looking to change your career using skills that you have gained in a relationship manager role in industries such as financial services, financial planning or law.

We are looking for a successful professional who has excellent people and communication skills and is client focussed. Someone who is used to working to targets and is driven by outcomes. You will enjoy working on our Gold Coast campus with a team of university Development Managers, reporting to the Director of Development and Alumni but integrated within a group of world-class researchers at the Institute for Glycomics. You will engage with prospects and donors at a local, regional, national and international level. Experience of working with major donors, voluntary boards and community groups will be desirable.

Salary range

HEW Level 8: \$94,767 - \$106,610 per annum. Salary package including 17% employer superannuation contribution: \$110,877 - \$124,734 per annum.

How to apply

To view the application requirements and position description for this role, please visit Griffith University's careers board at <https://www.griffith.edu.au/future-staff> and enter job opening ID: 113883 in the search bar.

Note: Application attachments should be saved as .doc, .docx or .pdf only. File names should be no more than 25 characters long and should include letters and numbers only.

Applicants for General Staff positions (non-academic) must have unrestricted work rights.

What we offer

Working for one of the most influential universities in Australia and the Asia–Pacific region, you will join a University that ranks among the top 2% worldwide and spans across five campuses in South East Queensland.

At Griffith University, we've worked hard to create a culture that will challenge you to be curious, creative and courageous. We also support the professional and personal development of all our employees and invest in the skills of our people.

Griffith University values diversity, inclusion and flexibility and we encourage Aboriginal and Torres Strait Islander, and people of all backgrounds to apply. Griffith's strategic goals are to also increase the proportion of women in senior academic and administrative roles and in Science, Technology, Engineering, Mathematics and Medicine (STEMM).

Further information

If you would like the opportunity to talk confidentially about this role, please email katy.hughes@griffith.edu.au to organise a time to talk to the Director of Development and Alumni.

For application queries, please contact Busra Sevilimli, HR Officer on +61 (0) 7 3735 7359.

Closing date: Friday 25 October 2019 at 5 pm AEST. All applications must be submitted online.
