The MND and Me Foundation *To Care and To Cure*

Scott Sullivan
1972 - 2014

The MND and Me Foundation Limited was established by Scott Sullivan, a husband and father of two children. Scott was diagnosed with Motor Neurone Disease in 2010 at the age of 38, and he sadly passed away in April 2014.

Right from the very beginning the Mission of the MND and Me Foundation has been: **TO CARE AND TO CURE.**

We fund research into an effective treatment or cure but until that day arrives, we fund care services for Queenslanders living with MND as well as their family and care support network.

It is imperative that the Foundation provides the right solutions at the right time throughout the cycle of pre-diagnosis, diagnosis, living with MND and following a loved one's passing.

We receive no Government funding so all our income is raised through donations and events.
