Karrkad Kanjdji is the Kunwinjku name given to us by our founders, the Traditional Owners of the Warddeken and Djelk Indigenous Protected Areas.

It refers to the stone country highlands and savanna lowlands of Arnhem Land that we work together to protect.

**The Landscape**  
In the Top End of Australia, covering 97,000 square kilometres of floodplains, remote rainforest patches, savanna woodlands and lies Arnhem Land. This vast Landscape begins 300 kilometres east to Kakadu National Park.  
This region is one of the most linguistically diverse per capita in what is thought to be the largest language family (rock art collection). Arnhem Land has a strong history of Indigenous ownership.
