

Visualise Fundraising

Consultant

Job Description

Job Title: Fundraising Data Specialist

Visualise Fundraising is currently seeking a dedicated and experienced Fundraising Data Specialist to join our dynamic team. As a key member of our skilled and collaborative team, you will play a crucial role in optimising our client's fundraising efforts through strategic data management and systems support.

Visualise Fundraising consultants provide professional services to non-profits, specialising in best-practice fundraising data and systems management. We work with numerous clients across the Asia Pacific region, providing short- to medium-term specialised resources, expert data- and systems- strategic advice, and technical support across all areas of their operations.

When working with our clients, your day-to-day responsibilities may include:

- Utilise your expertise in working with data and databases in a fundraising context to support the development and execution of fundraising strategies.
- Manage and maintain donor databases for our clients (predominantly Raiser's Edge/RE NXT or Blackbaud CRM) ensuring accuracy, integrity, and compliance with data protection regulations.
- Leverage your skills and experience to carry-out data- and systems- related work as required (i.e., importing, exporting, end-user training, development of documentation, system configuration, etc.)
- Collaborate closely with our clients to provide data-driven insights and recommendations for optimising fundraising campaigns and business initiatives.
- Generate regular reports and dashboards to track fundraising progress and outcomes, providing actionable insights to inform decision-making.

- Support the implementation and integration of new technology tools and systems to enhance fundraising operations and efficiency.

Qualifications:

- Previous experience working with data in a fundraising context, with a strong understanding of fundraising principles and practices.
- Proficiency in using Raiser's Edge or Blackbaud CRM is essential.
- Detail-oriented with a commitment to maintaining data accuracy and integrity.
- Proven ability to work independently and collaboratively within a remote work environment.
- Strong communication and interpersonal skills, with the ability to effectively engage with stakeholders at all levels.
- Flexibility and adaptability to accommodate different organisation's working patterns and approached.
- *Preferred but not required:* Experience working with data visualisation tools such as Power BI or Tableau to deliver fundraising analytics and insights.

If you are passionate about enabling non-profits to manage their data well, and operate efficiently and effectively, and you are the kind of person who thrives when solving business problems, we encourage you to apply for this exciting opportunity.

Please submit your resume and cover letter to info@visualisefundraising.com. We look forward to hearing from you!
